

3030 Nano rain repellent

Product description

The rain repellent window sealing Nano rain repellent provides clear view and safe driving at night and rain. Ideal for a quick application for all vehicle windows like windscreens, side and rear windows.

Advantages

- Particularly quick and easy application
- Streak-free and clear sight even at night and rain
- Easy cleaning of insects, ice and bird droppings
- Less wear of the wipers

Application fields

Automobile windshields, boat windows

Application

1. Pour the product sparingly onto a cloth and apply in sections in circular motions.
2. Polish with a clean dry cloth in circular movements.

Note: Do not apply on hot surfaces and let dry for at least 1 hour.
