

5063 Methoxal

Product description

Universally applicable CFC-free surface cleaner for the preparation of adhesive surfaces. Reliably cleans and degreases all types of surfaces or machine components prior to performing adhesive and assembly work. Removes fats, oils and other contaminants quickly and residue-free.

Advantages

- Universal surface cleaner
- Ideal for preparing adhesive surfaces
- Removes dirt without residue

Application fields

Cleaning and degreasing during the maintenance of machine parts

Application

1. Spray on the surface or apply with a soaked cloth.
2. Repeat as necessary.

Note:

- Remove excess cleaner with a clean cloth.
- Allow to completely air-dry before bonding.
- Check rubber and plastic parts, sensitive surfaces for compatibility at a location that is not visible.
- The product does not affect the curing speed and final strength of adhesives. A clean surface ensures good adhesion and reliable curing. Dirty or partially cleaned surfaces may affect the performance of adhesives.

Technical Data

Property	Value
Chemical Base	Organic solvents
Odour	Characteristic
Colour	Clear
Flammability point	-18
Density	0,75
Evaporation time	< 60 s
Storage stability	24 months

Find comprehensive advice on health, safety, and environmental protection in the corresponding safety data sheets.

Available Containers

Container	Volume
Spray can	400 ml
