

5450 Oil Stain Remover 1000 ml

Description	Fast and efficient removal of all kinds of oil stains. The deeply effective solvent penetrates deep into porous surfaces. Similar to blotting paper, the oil binder it contains binds oils from cavities. Does not attack stone surfaces as it is free from acids and alkalis: Also suitable for polished marble. The special product is particularly quick and easy to use. Apply, leave to act, let dry and brush off - done!
Advantages	Fast application: completed in 15 minutes! - Does not attack stone surfaces since free from acids and alkalis: Also suitable for polished marble - Biodegradable - Surfactant free and aromatic free
Application fields	Auto repair shops, household, industry
Application	1. The substrate must be dry. 2. Shake vigorously before use 3. Pour onto oil stains 4. Leave to act until a white, dry crust is formed (approx. 10-15 minutes). 5. Take up by sweeping or by vacuum cleaner and dispose of in accordance with regulations. Note: Can cause discoloration or may dissolve on varnish and plastic surfaces. Check whether the intended use is suitable.
